## OBJECTIVE

Information Technology graduate from Delta Technological University with a strong foundation in software development, programming, databases, and artificial intelligence. Seeking to build a career in Artificial Intelligence and Machine Learning by applying my knowledge of Python, Machine Learning, Data Analysis, and software development in practical projects. Currently gaining hands-on experience through the Digital Egypt Pioneers Initiative (DEPI) Machine Learning track and aiming to continuously develop my technical and problem-solving skills

## EDUCATION

### Delta Technological University — Faculty of Technology and Energy

Graduated: 2022-2026

Bachelor's Degree in Information Technology — Software

- Overall Grade: 83.9% — Very Good

## EXPERIENCE

### • (Machine Learning Intern — Digital Egypt Pioneers Initiative (DEPI)

Jul 2026 – Present

- Hands-on training in Python, Data Science, Machine Learning, Deep Learning, NLP, Computer Vision, and Azure AI.
- Working with data preprocessing, visualization, MLOps tools, MLflow, and Hugging Face.
- Developing a capstone project as part of the Machine Learning track

### • AI Training — Huawei ICT Academy

2025

- Completed HCIA-AI V4.0 training covering Artificial Intelligence concepts and applications
- Gained practical knowledge of AI technologies through hands-on learning

### • (Metro Training — Egyptian Company for Metro (ECM)

Aug 12–17, 2023

- Completed technical training as an Information Technology student

### AI-Enhanced ERP System (Smart ERP System) Team Project

- Collaborated with a teammate to build an ERP system enhanced with AI-driven predictive and analytical features.
- Contributed the AI components of the system, focusing on sales forecasting to support demand and revenue planning.
- Worked on anomaly detection functionality to help flag irregular patterns within the system's data
- Integrated the AI outputs into the ERP workflow to provide predictive and analytical insights to end users

## CERTIFICATIONS & TRAINING

- One Million Prompts Certificate — Prompt Engineering, Dubai Future Foundation & Dubai Centre for Artificial Intelligence
- System Analysis Using AI (CSW Certificate) — Microsoft Egypt, Ministry of Youth and Sports, Care Egypt, Dec 2025
- Generative AI Tools (CSW Certificate) — Microsoft Egypt, Ministry of Youth and Sports, Care Egypt, Dec 2025
- HCIA-AI V4.0 Course Certificate — Huawei ICT Academy, Sep 2025
- Boost Your Productivity with AI Certificate — Maharat Google, Ministry of Youth and Sports, Ministry of Social Solidarity, Injaz Egypt
- Python Programming Basics Certificate — ITI / Mahara-Tech, Feb 2026
- Metro Training Certificate — Egyptian Company for Metro (ECM), Aug 12–17, 2023

## TECHNICAL SKILLS

---

### Machine Learning & AI

Artificial Intelligence, Machine Learning, Forecasting, Anomaly Detection; working knowledge of Deep Learning, NLP, and Computer Vision through ongoing ML training. Basic and ongoing learning in Data Analysis and Big Data & Analytics

### Programming Languages

.Proficient in Python. Familiar with C++ and Java. Basic understanding of C

### Databases

.SQL and database programming

### Web Development

HTML, CSS, JavaScript, and front-end development

### Mobile Development

Dart and Flutter

### Computer Graphics

Blender

### Tools & Platforms

Linux/Terminal, Git/GitHub; exposure to Azure AI, MLOps,

.MLflow, and Hugging Face through ML training

## ACTIVITIES & EVENTS

---

### Event Organizer — Google Developer Student Clubs (GDSC),

Alexandria *Dec 2023*

*(DevFest On Campus – Alexandria '23 (Dec 16–18, 2023)*

Supported attendee entry and seating arrangements, helping maintain smooth movement inside the event hall. •

Collaborated with the organizing team to deliver a well-organized attendee experience. •

- .Skills demonstrated: teamwork, communication, event organization, and coordination

- .Tahkom Scientific Exhibition — Team Member, presenting the Smart ERP System project

- .Cairo ICT 2025 — Attendee

- .She Inspires Egypt 2025, New Capital — Attendee
